Dear Vendor:

On behalf of the NCAMES Board of Directors, I would like to extend a personal invitation to you and your organization to join us at this year's 63rd Annual NCAMES Engineering and Operations Conference and the 27th Annual NCAMES Lineman's Rodeo.

The NCAMES Annual Engineering and Operations Conference is designed to assist North Carolina Municipal Electric System personnel in enhancing their knowledge and skills in their respective areas of expertise. It is a time where Municipal electric system employees can come together and network with one another and participate in training and education opportunities.

During the NCAMES Conference all attendees will have the opportunity to see and meet new and existing vendors in our industry. Vendors will have a diverse audience to promote new and exciting products and services offered in today's electric utility industry. With over 70 public power providers in North Carolina and over 300 expected attendees from across the state, this is a great opportunity to display your products, services, and latest technologies.

Vendors play a tremendous role in the success of our annual. We have made every effort to ensure each vendor gets adequate exposure during this year's conference and we will work diligently to ensure your expectations are met. We encourage feedback and use it to improve our conference each year. Both positive and negative comments are welcome.

The Conference will be held Tuesday, May 19<sup>th</sup> through Thursday, May 21<sup>st</sup> at the Hickory Metro Convention Center located at 1960 13<sup>th</sup> Drive SE in Hickory, NC. The rodeo will take place in Dallas Park located at 1303 Dallas Cherryville Hwy in Dallas, NC.

We completely understand that Vendors want the opportunity to socialize with attendees. It is also equally important that we have participation from attendees during scheduled conference sessions. We have revised our agenda to help provide Vendors with additional opportunities to socialize and we therefore respectfully ask that Vendors schedule their social interactions with attendees to not interfere with the conference agenda. **We also respectfully request to refrain from the open recruitment of municipal employees by Vendors.**
